LETTER TO PARENTS
FREQUENTLY ASKED QUESTIONS ABOUT FREE AND REDUCED PRICE SCHOOL MEALS

Dear Parent/Guardian:

Children need healthy meals to learn. **Norwood R-I School** offers healthy meals every school day. Breakfast costs **\$1.25**; lunch costs **\$2.00 for elementary students and \$2.25 for middle and high school students. Your children may qualify for free meals or for reduced price meals.** Reduced price is **.30** for breakfast and **.40** for lunch. This packet includes an application for free or reduced price meal benefits, and a set of detailed instructions. Below are some common questions and answers to help you with the application process.

1. WHO CAN GET FREE OR REDUCED PRICE MEALS?

- All children in households receiving benefits from **the Food Stamp Program/Supplemental Nutrition Assistance Program (SNAP), the Food Distribution Program on Indian Reservations (FDPIR) or Temporary Assistance/Temporary Assistance for Needy Families (TANF)**, are eligible for free meals.
- **Foster children that are under the legal responsibility of a foster care agency or court are eligible for free meals.**
- **Children participating in their school's Head Start program are eligible for free meals.**
- Children who meet the definition of homeless, runaway, or migrant are eligible for free meals.
- Children may receive free or reduced price meals if your household's income is within the limits on the Federal Income Eligibility Guidelines. Your children may qualify for free or reduced price meals if your household income falls at or below the limits on this chart.

| Household Size | Annually | Monthly | Weekly |
|---------------------------|-----------------|----------------|---------------|
| 1 | \$21,775 | \$1,815 | \$419 |
| 2 | 29,471 | 2,456 | 567 |
| 3 | 37,167 | 3,098 | 715 |
| 4 | 44,863 | 3,739 | 863 |
| 5 | 52,559 | 4,380 | 1,011 |
| 6 | 60,255 | 5,022 | 1,159 |
| 7 | 67,951 | 5,663 | 1,307 |
| 8 | 75,647 | 6,304 | 1,455 |
| For each add'l person add | + 7,696 | + 642 | + 148 |

2. **HOW DO I KNOW IF MY CHILDREN QUALIFY AS HOMELESS, MIGRANT, OR RUNAWAY?** Do the members of your household lack a permanent address? Are you staying together in a shelter, hotel, or other temporary housing arrangement? Does your family relocate on a seasonal basis? Are any children living with you who have chosen to leave their prior family or household? If you believe children in your household meet these descriptions and haven't been told your children will get free meals, please call **Angela Coatney at 746-4101**.

3. **DO I NEED TO FILL OUT AN APPLICATION FOR EACH CHILD?** No. Use one Free and Reduced Price School Meals Application for all students in your household. We cannot approve an application that is not complete, so be

sure to fill out all required information. Return the completed application to: **Angela Coatney, 675 N. Hawk Ave. Norwood, MO 65717**

4. SHOULD I FILL OUT AN APPLICATION IF I RECEIVED A LETTER THIS SCHOOL YEAR SAYING MY CHILDREN ARE ALREADY APPROVED FOR FREE MEALS? No, but please read the letter you got carefully and follow the instructions. If any children in your household were missing from your eligibility notification, contact **Angela Coatney** immediately.

5. CAN I APPLY ONLINE? Yes! You are encouraged to complete an online application instead of a paper application if you are able. The online application has the same requirements and will ask you for the same information as the paper application. Visit www.norwood.k12.mo.us to begin or to learn more about the online application process. Contact **Angela Coatney** if you have any questions about the online application.

6. MY CHILD'S APPLICATION WAS APPROVED LAST YEAR. DO I NEED TO FILL OUT A NEW ONE? Yes. Your child's application is only good for that school year and for the first few days of this school year. You must send in a new application unless the school told you that your child is eligible for the new school year.

7. I GET WIC. CAN MY CHILDREN GET FREE MEALS? Children in households participating in WIC may be eligible for free or reduced price meals. Please send in an application.

8. WILL THE INFORMATION I GIVE BE CHECKED? Yes. We may also ask you to send written proof of the household income you report.

9. IF I DON'T QUALIFY NOW, MAY I APPLY LATER? Yes, you may apply at any time during the school year. For example, children with a parent or guardian who becomes unemployed may become eligible for free and reduced price meals if the household income drops below the income limit.

10. WHAT IF I DISAGREE WITH THE SCHOOL'S DECISION ABOUT MY APPLICATION? You should talk to school officials. You also may ask for a hearing by calling or writing to: **Angela Coatney, 675 N. Hawk Ave. Norwood, MO 65717, 417-746-4101.**

11. MAY I APPLY IF SOMEONE IN MY HOUSEHOLD IS NOT A U.S. CITIZEN? Yes. You, your children, or other household members do not have to be U.S. citizens to apply for free or reduced price meals.

12. WHAT IF MY INCOME IS NOT ALWAYS THE SAME? List the amount that you normally receive. For example, if you normally make \$1000 each month, but you missed some work last month and only made \$900, put down that you made \$1000 per month. If you normally get overtime, include it, but do not include it if you only work overtime sometimes. If you have lost a job or had your hours or wages reduced, use your current income.

13. WHAT IF SOME HOUSEHOLD MEMBERS HAVE NO INCOME TO REPORT? Household members may not receive some types of income we ask you to report on the application, or may not receive income at all. Whenever this happens, please write a 0 in the field. However, if any income fields are left empty or blank, those will also be counted as zeroes. Please be careful when leaving income fields blank, as we will assume you meant to do so.

14. WE ARE IN THE MILITARY. DO WE REPORT OUR INCOME DIFFERENTLY? Your basic pay and cash bonuses must be reported as income. If you get any cash value allowances for off-base housing, food, or clothing, or receive Family Subsistence Supplemental Allowance payments, it must also be included as income. However, if your housing is part of the Military Housing Privatization Initiative, do not include your housing allowance as income. Any additional combat pay resulting from deployment is also excluded from income.

15. WHAT IF THERE ISN'T ENOUGH SPACE ON THE APPLICATION FOR MY FAMILY? List any additional household members on a separate piece of paper, and attach it to your application. Contact **Angela Coatney** to receive a **second application.**

16. **MY FAMILY NEEDS MORE HELP. ARE THERE OTHER PROGRAMS WE MIGHT APPLY FOR?** To find out how to apply for the Food Stamp Program/SNAP or other assistance benefits, contact your local assistance office or call 1-855-373-4636.

If you have other questions or need help, call **417-746-4101**.
Sincerely,

Angela Coatney

BUS RULES

The purpose of the Norwood R – 1 School Transportation system is to provide a safe and orderly means of transporting students to and from school. Riding a school bus is a privilege. Parents and students should guard against losing that privilege. Any student whose conduct on a school bus is improper or jeopardizes the safety of other students may have his/her right to school bus transportation suspended for such period of time as deemed proper by the Superintendent, building principal or designee. Students may be permanently removed from bus transportation after three referrals. As a result of a serious incident, a student will be permanently removed immediately. Any issues dealing with safety or the welfare of a student will result in suspension.

1. The driver is in charge of the pupils and bus at all times. Students who do not follow directions will be denied the privilege of riding the bus.
2. Students must be on time. The bus cannot wait beyond the normal schedule. Students should NEVER stand in the roadway while waiting for the bus. Students should cross the road ONLY IN FRONT OF THE BUS WHILE THE DRIVER WAITS.
3. The driver is authorized to assign seats. Students must sit wherever the bus driver directs them to sit. Pupils must remain seated at all times while the bus is in motion.
4. LOUD, UNNECESSARY NOISE, SHOUTING, OR SCUFFLING IS PROHIBITED. Ordinary conversation and classroom conduct are to be observed. Verbal messages or inappropriate gestures will not be tolerated.
5. The use of ANY TOBACCO PRODUCT, STRIKING MATCHES, OR LIGHTING CIGARETTE LIGHTERS ON THE BUS IS PROHIBITED.
6. Students are not to extend their head or arms out of bus windows. Throwing items of any nature is prohibited. This applies to throwing items on the floor, at someone, or out the window.
7. Any damage to the bus is to be reported to the driver at once. Appropriate restitution will be made to repair damage, before riding privileges will be reinstated.
8. All school policies apply to all bus routes or bus trips to and from school.

CHILD CUSTODY SITUATIONS

The Norwood School has no legal authority in the enforcement of custody agreements. The school staff will encourage all parties to abide by the terms of the custody agreement. If the parent with physical custody has indicated to the school in writing they want no exceptions on court ordered custody papers, and the non-custodial parent persists in breaking the custodial agreement the other parent and the local law office will be contacted. As violation of the custody agreement is a civil matter, no further legal action will be taken by school officials against the offending party. Norwood School will maintain a position of neutrality in all custody issues. This includes proceedings to determine custody and the application of the custody agreement. Staff will not testify in custody hearings unless subpoenaed. Student's records will be provided as requested by either parent or the court. When restraining orders are issued against a parent, school officials have a legal obligation to assist in the enforcement of such orders. Attempts to violate such orders should be reported immediately to law enforcement officials and the school will attempt to provide a safe environment for the students in question.

Both natural parents of a student shall have access to the student's records if the student is under 18 years old regardless of the parents' marital status unless a court or divorce decree specifically removes one parent's legal rights to have knowledge of and/or participate in the child's education. In cases where a student is not living with both natural parents, the school will recognize the custodial parent as the person with whom official school contact is made. If there are parental controversies or disputes, the school office must have legal documentation to enforce the wishes of the legal guardian or primary custodial parent. The school will try, upon request, to provide the non-custodial parent with educational information they need in order to stay informed and involved with their child's progress. However, it is not always possible to keep the non-custodial parent informed of all school activities and programs. Therefore, the non-custodial parent has the responsibility to communicate with the school to obtain the information needed.

Occasionally the school has been asked by the primary custodial parent not to allow their child to leave the school premises with the non-custodial parent. **WITHOUT LEGAL DOCUMENTATION ON FILE, EITHER NATURAL PARENT WILL BE ABLE TO TAKE A CHILD FROM SCHOOL.** Parents/guardians have the obligation to advise and provide up-to-date documentation to the building principal regarding any change in the legal and/or physical custody of the student. The building principal, at all times, has the authority to investigate and confirm the custodial status of a parent/guardian if the principal has inadequate information or reason to suspect that false or incomplete information has been provided to the School District.

School is not to be used as a location for visitation for non-custodial parents. We ask that any custody disputed between parents and/or other parties take place away from the school grounds.

ACCESS TO STUDENT RECRUITING INFORMATION

Notwithstanding section 444(a)(5)(B) of the General Education Provisions Act and except as provided in paragraph (1), each local educational agency receiving assistance under this Act will provide, on a request made by military recruiters or an institution of higher education, access to secondary school students, names, addresses, and telephone listings.

(2) CONSENT-A secondary school student or parent of the student may request that the student's name, address, and telephone described in paragraph (1) not be released without prior written parental consent, and the local educational agency or private school shall notify parents of the option to make a request and shall comply with any request.

(3) SAME ACCESS TO STUDENTS- Each local educational agency receiving assistance under this Act shall provide military recruiters the same access to secondary school students as is provided generally to post secondary educational institutions or to prospective employers of those students.

SAFE AND DRUG FREE SCHOOL

In order to continue to have a safe and drug free school we will have random checks from a canine unit. The dog will check all lockers, bags, rooms, and vehicles during the random checks. We feel we have a safe and drug free school and want to continue to protect our learning environment for our students and staff.

RANDOM STUDENT DRUG TESTING

Students who drive to school or participate in any extra-curricular or co-curricular activity during the school year must fill out and sign with consent of the parents, a Drug Consent Form before being allowed to drive to school or participate in any school sponsored activities. Students will be randomly selected to participate in a drug test once per quarter. Students who do not turn in the Drug Consent Form will not be allowed to participate in activities or drive to school.

ACCIDENT POLICY

Even with the greatest precautions and the closest supervision, accidents can and do occur at school. Parents need to be aware of this and be prepared for possible medical expenses that may arise should their child be injured at school. The district does not

provide medical (accident) insurance to automatically pay for medical expenses when students are injured at school. This is the responsibility of the parents or legal guardians. The district carries only legal liability insurance.

VISITORS

All visitors must check in at the Central office upon arrival. Parents, alumni, and former students may visit within limitations. Due to the disruption of the academic process, student visitors or friends are not allowed to come spend the day. Since Norwood School has a closed campus policy, students neither leave the campus nor receive visitors without special permission from the principal's office.

SCHOOL PICTURES

Individual school pictures will be taken of those students who desire pictures on a prepaid plan. All students will have their pictures taken for the school yearbook. In addition, teachers may periodically photograph or videotape students for class projects. These activities will be used solely for the students in the class. At times, local media will take and /or publish student pictures to recognize participation in activities or achievement. Student pictures may also appear on the school website. If you do not wish for your child to appear in these pictures or the yearbook, then please note this in the permission to publish form.

Students are not allowed to bring radios, recorders, knives, lighters, CD players, electronic devices including MP3 players and iPods, pagers, cell phones, skateboards, and etc. to school or to school events. If brought, the items will be confiscated and parents will need to come by the office to retrieve them. Cameras and cell phones will not be allowed in dressing areas. Possession of disruptive devices during **instructional hours (when students enter school thru the bell dismissing school)** is prohibited. Bringing restricted items to school will result in disciplinary actions. Discretion will be left to the sponsor of students attending trips after school hours. Musical instruments or items brought to school that are needed for a class must be taken to that class and left during the school day. **Devices such as an Ipad, Laptop, or Kindle but not limited to, may be brought to school with advanced teacher's permission for the purpose of being used for in class instructional purposes only.**

No student should miss class to work on extracurricular activities inside or outside of school unless approved ahead of time by the classroom teacher.

TECHNOLOGY USER AGREEMENT

Prior to gaining access to school computers, students will need to have on file their parent/guardian signed appropriate use form. Students may lose access rights to the computer for accessing blocked sites, being on social networks, and using email inappropriately during class time. These are a few examples, in order to better understand the policy please see the technology appropriate use form.

TELEPHONE

Telephones in offices are for school business. No calls or long distance calls are to be made by students except for emergencies. Students will not be excused from class for phone calls. Classes will not be interrupted for students to receive phone calls except in extreme emergency. Phone messages will be delivered as soon as possible to students. **Students using phones must first obtain secretary or principal permission. Cell phone use is restricted during instructional hours.**

DELIVERIES

Deliveries will be made to students the last 5 minutes of the school day by school officials. Please bring all deliveries to the Central office. Classes will not be interrupted for deliveries.

GUIDANCE PROGRAM

A counselor is available to students for a variety of guidance and counseling services. Problems relate to school, personal life, or the future may be discussed with the counselor. The Guidance and Counseling department attempts to address the needs of all students by providing opportunities to acquire competencies in career planning and exploration, knowledge of self and others, as well as educational and vocational development. Guidance services are aimed at helping students to understand and accept responsibility for their own emotions, choices, and actions. Students are encouraged to take advantage of the services. Guidance services are available after school by appointment.

CHANGING CLASS SCHEDULES

Students may make schedule changes during the second and third days of the school year with approval of the counselors. All changes should be completed by the end of the third day of school. Changes will not be made after the third day of school. Students **cannot** request to change teachers. To change a class, a student must complete a schedule change form in which may be obtained in the counselor's office.

CREDIT RECOVERY

The credit recovery program is designed to help students recover credit in classes. Students are eligible to apply if they met attendance requirements (did not lose credit because of the attendance policy) and have a semester average between a 50-59%. Credit may only be recovered the semester after receiving the F or during Summer School. A credit recovery handbook is available in the counselor's office.

INTERVENTION (STAR & HALF-TIME)

Helping All Learners Focus time (grades 9-12) and Students Taking Academic Responsibility (grades 6-8) is an intervention and a reward time that is scheduled during the school day to help students succeed in grades 6-12.

MAKE-UP WORK

Students are given one day for each day absent to complete the work they missed (including suspensions up to 10 days. Students who are suspended more than 10 days can only receive up to 70% for completed work). If the work is not completed and turned in, the student will receive an incomplete grade until the work is completed. Incomplete grades, due to illness, will be recorded for a period of one week from the last day of the grading period. No incomplete grades will be carried from the last grading period of the school year.

HOMEWORK

Students are given opportunities during the day to do assignments, however some homework may be necessary to complete unfinished work, provide reinforcement of a concept, or to do makeup work after being absent.

REGISTRATION AND ENROLLMENT

Registration and scheduling classes will be done in the spring each year. Schedule changes will be made only to rectify errors and balance class sizes. Counselors will attempt to schedule students in a manner that is suitable for the long-term educational goal of the student. In a school of this size, scheduling will be affected by the number of students enrolling in the course and the effective use of the teacher. Guardianship and residency must be verified at time of enrollment along with immunization for polio, rubella, measles, and DTP. Other required enrollment information: birth certificate, social security card, academic (transcript), and behavior (previous school's disciplinary for the last year) information will be presented for record and examination before each student will be enrolled into the Norwood School System.

STATEWIDE ASSESSMENTS

All students will participate in statewide assessments or alternate assessments as determined by a student's IEP team. The administration will annually develop an assessment schedule for the current school year. The testing schedule will list the assessment instrument to be administered and the grade level of students that will be administered each test or assessment instrument. This policy and the assessment schedule will be given to each student as well as their parent/guardian at the beginning of each school year. In addition, a copy of this policy and the assessment schedule will be available to the public in the District office during normal business hours.

CLASS PLACEMENT

Students will be assigned to classes according to the number of years in attendance of school, promotion of student, achievement test scores, and the number of credits a student has obtained. 9-12 students will be assigned to classes as follows:

- Freshman – All students with less than 5 units of credit and that have been promoted from 8th grade.
- Sophomores – Students must have at least 5 units of credit and 1 year of high school attendance.
- Juniors – Students must have at least 11 units of credit and 2 years of high school attendance.
- Seniors – Students must have at least 18 units of credit and 3 years of high school attendance.

Norwood School will allow high school students to transfer all credits received from accredited public schools or private correspondence school accredited by the Missouri Department of Education as recommended by the State Department of Education. Achievement test scores will be used to determine the appropriate grade placement of students transferring from non-accredited public or private schools. Credit from block scheduling schools will be pro-rated in manner similar to the following:

- Eight block credits will count as 87.5% of Norwood School Credit, for example a student receiving 24 credits from an eight-block school system, would have 21 credits for Norwood School.
- Ten block credits will count as 80% of Norwood School Credit, for example, a student receiving 30 credits from a ten block system, would have 24 of Norwood School Credit.

TRANSFER FROM A NON-ACCREDITED SCHOOL

Students will be placed at the appropriate grade level based on an achievement test given by the school counselor. If transcript is provided, the credits will be transferred to match the grade level equivalency of the achievement test. In order for a student to

receive a diploma, they must complete two consecutive semesters of school during their senior year at Norwood High School. Weighted courses can not be transferred in from either an accredited or non-accredited school.

PARENT TEACHER CONFERENCES

At the end of the first and third quarter each year, a day will be set aside for parent-teacher conferences. Parents are encouraged to take advantage of the opportunity to communicate with the school. If further conferences are desired with a teacher, parents should make an appointment with the teacher at the time when the teacher does not have a class to supervise. Parents are encouraged to stay in close communication with teachers.

FINALS AND END OF COURSE EXAMS

End of course exams will count as 10% of the student's semester grade in the class. The counselor, core teacher, and administrator will determine when a student is ready to take the test. Students who do not meet content/grade level expectations for the end of course exam will be recommended to attend Summer school or otherwise extra instructional time will be required to receive credit. Students cannot receive credit in a class until they have taken the end of course exam.

OMTC (CTE – Career & Technical Education)

In order to attend OMTC as a Junior or Senior, students first must show that they are responsible learners and citizens. Attendance and citizenship are two important qualities that will be looked at before allowing a student to apply to attend OMTC. Students attending OMTC at Ozark Mountain Technical Center in Mtn. Grove will be responsible for following policies and guidelines set forth in both the Norwood and OMTC student handbook. OMTC students will need to sign in each and every morning, be in the gym lobby by 7:40, and must ride the bus provided by Norwood School unless the principal grants special permission in advance. If a student misses the bus, the school will try to find someone to take the student to OMTC. The valedictorian and salutatorian will be determined by an eight-semester average for seniors and by a four semester average for eighth graders from an accredited school. HEALTH SERVICES

Students need to report to their class to receive permission and a referral to go to the nurse. If an emergency occurs that prohibits the student from going to class the nurse should contact the office and teacher. The Norwood R-1 School Health Office will care for your child in the event of illness or injury during school hours. The nurse will **NOT** give Tylenol, Tums, cough drops or any other medication to students without a current Health Update Form filled out by parents and turned in. Only **EMERGENCY TREATMENT** will be given to those students who do not return the Health Update Form. There are some general reasons the health office may request that the student goes home, ie., temperature of 100, vomiting, injury requiring a doctor's attention, head lice, scabies, bacterial conjunctivitis (pink eye), or other communicable disease. The school nurse will provide classroom activities to promote health & safety instruction to prevent injury. The health office will also be conducting routine screenings in addition to the first aid, illness, or emergency care needed. The Norwood R-1 School's Health Office will operate under a set of standard protocols that apply to all students and must be enforced to promote wellness in our student population.

FOOD ALLERGIES

The Norwood R-1 administration reserves the right to ban any food substance or material that may cause allergic reactions to students.

FEVER

Any child with a fever should not be sent to school. To accelerate the recovery of your child and prevent the spread of possible contagious illness, you will be called to pick up your child if he/she is running a temperature of 100.0 degrees or over.

COMMUNICABLE DISEASE

Any condition believed to be contagious or potentially harmful will necessitate the child being removed from the classroom and being picked up from school as soon as possible. Students with possibly contagious skin irritations will be sent home until a doctor's evaluation and medication has been administered. Students cannot return to class without a written doctor's release.

LICE

Norwood R-I Schools has a no live lice policy. If your child is found to have live lice, they will be sent home immediately along with a treatment plan recommendation. Your child must be re-checked in the health office before being permitted to return to their classroom. Please accompany your child to the school health office for the re-check process. Bus transportation will not be provided until your child/children have been determined to be lice free. A report to the Division of Family Services will be made upon the 3rd separate occurrence of live lice in a single school year.

MEDICATIONS

We will be happy to assist you by giving your child's medication at school. **ALL MEDICATIONS MUST BE BROUGHT TO THE SCHOOL HEALTH OFFICE BY A PARENT / GUARDIAN.** A medication administration form must be completed and signed by a parent / guardian before prescription or over the counter medications will be administered at school. Medications must be received in the original appropriately labeled container. Due to the possibility of sharing in the younger age groups, only empty bottles will be sent home with students. Most pharmacists are willing to provide you with an extra bottle that will allow you to deliver a labeled bottle to the school health office to leave until the regimen is completed. If your child takes a routine prescription medication at school, any changes in the dosage will require a new labeled bottle or a signed note from the physician to make the dosage change until the new prescription is filled. A note from the parent only will not be acceptable. These medication guidelines will be strictly adhered to.

If you have questions or concerns please feel free to contact the nurse's office at 417-746-4101 ext. 133 during school hours.

Please complete the Student Health Inventory with your child's latest health information and keep the school nurse informed of any changes to your child's health status throughout the year. Any serious injury, illness, surgery, allergies or routine medication change needs to be reported to the school nurse as soon as possible. Please be sure all emergency contact numbers are current and have not been disconnected. Please keep the health office informed of any changes in your child's personal information such as address, current physician, emergency information, and alternate emergency instructions. If you have questions or concerns please feel free to contact the Norwood Health Office at 417-746-4101 ext. 133 during school hours.

TRANSFERS OR WITHDRAWALS

A student who plans to transfer or withdraw from school must notify the principal and counselor's office and receive a withdrawal form. All scheduled teachers, the librarian, and lunchroom collector showing that all books are turned in and that all charges are paid must sign form. The form will then be returned to the counselor's office before a student can be officially released. If books or charges are not paid, the student's records will not be transferred to another school district. Students who wish to drop out must

follow the withdrawal procedure for records to be complete and transcripts clear for release. According to the Safe Schools Act, students' behavior records are to be requested by the next school.

CLOSED CAMPUS

Senior High Students may use cafeteria, second floor corridor, gym lobby, library, and third floor before and after school. During lunch sessions, students are to remain in the cafeteria. Senior high students are not permitted in the elementary school building unless permission is obtained from the high school office. The H.S. buildings will be open at 7:30a.m. and will close at 3:15p.m. A member of the faculty must physically supervise any student, or group of students, in the buildings before or after these hours.

EMERGENCY PROCEDURES

Fire, Tornado, Earthquake, and Intruder Alert drills are held at regular intervals throughout the school year and are highly important safety procedures. Remember these basic rules:

1. Check the instructions posted in each classroom, cafeteria, and gym that indicated how to leave the building in case of fire, and the designated shelter area in case of tornado or earthquake.
2. In case the actual fire alarm is sounded, please do not leave your classroom unless you actually see or smell fire or smoke, or are instructed to evacuate the building by an administrator.

DRESS CODE

The purpose of the dress policy is to provide all students with the safest and least disruptive environment possible for the primary mission of education.

1. Student should be neat in dress with attention given to personal grooming and with philosophy of building personal pride and a desirable image of our school.
2. Skirts, dresses, and shorts should be worn at a length that reaches mid-thigh and reflects good taste and common decency. Sleeveless shirts are prohibited. All shorts must have a hem. Spandex, tank tops, bare midriff (front and/or back) and see-through clothing are examples of, but not all-inclusive clothing which is considered a distraction to the learning process.
3. Apparel, accessories, and tattoos should not have any reference to tobacco, drugs, alcohol, or writing of a suggestive nature (example: but not all inclusive include: obscenity, lewd, sexual connotations, profanity, and messages that are demeaning to individuals or groups.)
4. Due to health issues, hats or headwear (such as bandanas) are not to be worn inside buildings during the school day. Hats must be stored in lockers during the school day or they will be confiscated.
5. Students may wear casual dress at extracurricular events if appropriate for the occasion.
6. In order to provide the least disruptive environment, students will refrain from distracting or unnatural hair colors such as fluorescent, green, purples, orange, gaudy make-up, or body piercings that are determined to be a distraction to the educational environment. Small single studs or spacers in the facial area may be worn as long as they do not constitute a distraction to the educational environment.
7. Due to safety issues, students will refrain from distracting, gaudy, or potentially dangerous jewelry including hoops in and around the facial area. Chains and spikes on belts and clothing are also examples of potentially dangerous items.
8. Final decisions on what constitutes acceptable dress, grooming, and disruptive appearance will be left to the discretion of staff, faculty, and administration.

9. Dress code will be enforced on all school sponsored trips.

PUBLIC DISPLAY OF AFFECTION

Public display of affection has no place at all in school and will not be tolerated in any way. Holding hands, arm in arm, kissing, hugging, etc. are all examples of PDA. Scuffling and “horseplay” are also strictly forbidden; a good rule of thumb is “hands off.”

PARKING AND VEHICLES

Students driving a vehicle to school are under all school, local and state law enforcement regulations. Reminder: All vehicles that are on school property are subject to search; if any illegal or inappropriate materials are found, students will be subject to school regulations and state laws for inappropriate items found. Students will respect a speed limit of five- (5 M.P.H.) on school property. Be sure to lock your vehicle and remain out of it until school is dismissed. All 9th-12th grade student drivers parking northwest of the school will be dismissed after the 7th period bell.

The student parking lot is strictly off limits after arrival until departure unless the principal gives permission. Any student who demonstrates incapability to abide by these rules will have their parking privileges revoked. Students must verify driver’s license and liability insurance on a permit form to use the parking areas. Please sign and return the parking permit form to receive a parking permit. There will be a \$5.00 fee to replace a lost parking permit. Students may park in the parking area northwest of the school by the softball field.

ATTENDANCE POLICY

Good attendance is essential to the success of students. Excessive absenteeism or frequent tardiness hinders student academic progress and is strongly discouraged. This plan addresses the need for good student attendance by stating that all students should maintain a 95% attendance rate. According to the Missouri Compulsory Attendance Law: "Every parent, guardian or other person in this state having charge, control, or custody of a child between the ages of seven and sixteen years shall cause the child to attend school regularly." It should be noted that school officials are charged under the Missouri State Statutes 167.031, 167.061, and 167.111 with the duty of seeing that each child is in compliance with state laws and attendance policies. Allowing a student to be excessively absent from school may constitute educational neglect on the part of the parent/guardian, which may result in a report to the appropriate agencies. Statute 167.031, RSMo, states that any parent, guardian or other person having custody or control of a child between the ages of seven (7) and the compulsory attendance age for the district, must ensure that the child is enrolled in and regularly attends public, private, parochial school, home school or a combination of schools for the full term of the school year.

Statute 167.061, RSMo, states any parent, guardian or other person having charge, control or custody of a child, who violates the provisions of section 167.031 is guilty of a class C misdemeanor.

Statute 167.111, RSMo, states the state commissioner of education, superintendents of schools, school boards, county superintendents of public welfare, and every school attendance and probation officer shall enforce all laws relating to compulsory school attendance.

Maximum Allowable Absences

Students will be permitted a maximum of six (6) total absences per class per semester. Absences will no longer be classified as excused or unexcused; any student absence will be counted toward the maximum allowance. Students who are absent for more than six (6) class periods or days during the semester may not be eligible to earn credit for that course.

Notification Procedures

The High School office will record each student’s absence by course period. The Elementary office will record each student’s absence as a daily record.

When a student has accrued three (3) total absences during the semester, the school will send a letter to the parent or guardian informing the parent or guardian that, in accordance with the published policies and regulations of the Board of Education, the student is in danger of not earning credit due to excessive absences during the semester.

When a student has accrued six (6) total absences during the semester, school personnel will make all reasonable efforts to contact either the student, or his or her parent or guardian to discuss the student’s excessive absences, the possible ramifications, and methods to prevent the loss of credit.

When a student has accrued seven (7) total absences during the semester, the school will notify the parent or guardian by certified mail that the student will be entered into a hold status and may not be eligible to earn credit for the semester. Such notification shall include an Attendance Appeal Form and a Credit Recovery Request Form. Credit can be recovered through successful completion of Saturday school or after school tutoring. There will three (3) available Saturday school offerings during each semester.

When a student has accrued ten (10) total absences during the semester, the Division of Family Services and Wright County Truancy Court will be contacted regarding possible educational neglect or truancy.

When a student has accrued twelve (12) total absences during the semester, the school will notify the parent or guardian by certified mail that the student is not eligible to earn credit. The Wright County Prosecutor's Office will be contacted regarding prosecution for educational neglect or truancy.

A student will not be denied an education at Norwood High School even though he or she will not earn credit for the class as a result of having missed a substantial portion of the instructional program during the semester. Excessive absences from school below 90% may require attendance at summer school as a condition for promotion to the next grade level.

Consecutive Absences

- A letter is sent home at three (3) days.
- Administrator will attempt to communicate with parent between five (5) and eight (8) days.
- A letter will be sent at eight (8) days and student will be hot-lined.
- A certified letter will be sent after ten (10) days indicating student will be dropped and matter will be forwarded to the prosecuting attorney.

Report of Absence

In the event of an absence, the parent/guardian is asked to call the school (746-4101) by 8:30 a.m. and give the student's name, grade, teacher, and reason for the absence. In the case of known absences, parents/guardians should contact the school office prior to the day of absence.

Late Arrival/Early Check-out

Late arriving students will check in with the office before going to class and will be counted tardy or absent depending on the time of arrival. Students arriving after 8:03 are considered tardy. Students in grades 7-12 arriving after 8:15 will be considered absent for the first hour. When a student has accrued five (5) late arrivals during the semester, the parent or guardian will be notified. Students with six (6) or more late arrivals run the risk of accumulating absences from tardies. Students who are checked out before 3:11 are considered absent for the time missed. Late arrivals and early check-outs can count against attendance awards.

Homebound Instruction – Extended Medical Absence

The school administration shall reserve the right to review continuous absences for medical reasons. Students, whose illness necessitates an absence of five (5) or more consecutive school days, may have the option of applying for homebound instruction. This may be provided upon the request of the parent or student and the student's physician.

Exceptions

Approved, school sponsored, out-of-school activities (field trips, sporting events, etc.) will not be counted as absences for purposes of the excessive absence regulation.

Perfect & Excellent Attendance

Perfect attendance is defined as not having been absent from school.

Excellent attendance is defined as being in attendance over 95% of available attendance days or not missing four (4) or more days per semester.

Missed Assignments/Exams

Absences falling on the day of an exam or the day an assignment is due shall be treated as follows:

- a. Advance assignments are those which are assigned at least ten days in advance. These will be due on the day and time designated regardless of whether or not the student is present.
- b. Regular assignments are those normally due the next day or within the next few days. A student shall have additional time, equal to the time of a verified absence to turn in assignments. The credit may be reduced by a teacher or may not be accepted at all when not on time. It is the student's responsibility to find out what was missed during an absence and make arrangements for turning work in to a teacher.
- c. Should a student miss a major exam, it shall be made up on the day and time the student returns to school. Short, or so-called "pop" exams, may be made up at the teacher's discretion.
- d. Should a quarter or final semester exam be missed, permission to make up the exam must be secured from the teacher and the principal. The following procedures should be followed by students who are absent so as to prevent academic difficulties:
 - i. The student shall obtain assignments from appropriate staff members. Assignments shall be obtained in advance if the absence is foreseen.
 - ii. All assigned work shall be submitted upon returning to school.

- iii. All classroom work (to include tests) shall be completed as indicated by the individual classroom teacher.

Extracurricular Activities

Students who are absent on the day of an activity, or the day preceding a weekend activity must be cleared in advance by an administrator in order to play or attend. Students need to be in attendance in at least 6 out of the 7 class periods. This applies to all activities, including athletics. See eligibility standards on page 21 & 22.

Appeals Process

It is the responsibility of the parent to initiate the appeal process.

Upon the parents or guardian's request and submission of the appeal form, the Attendance Policy Committee shall meet to consider appeals regarding exceptions to the excessive absence regulation and the denial of credit pursuant to this regulation. Such appeal shall be in writing and must be submitted within seven (7) calendar days following the date on which the parent or guardian received notice of the accrual of the seventh absence from class.

The committee shall include, but is not limited to, the school principal, another district administrator, the counselor, and at least two (2) teachers. Other persons may be designated to serve as deemed appropriate.

Students may appeal to the Attendance Policy Committee for the purpose of requesting one (1) or more of the following:

- An exception to this excessive absence regulation for unavoidable absence due to illness or other valid reasons;
- An extension of the number of absences that shall accrue before credit will be denied; and/or
- Other accommodations (i.e. Saturday school, before or after school tutoring, summer school, etc.) within the contents of this excessive absence regulation and that which is allowed by law and/or school district policy.
-

The committee will consider all the facts under the circumstances of each case in deciding whether to grant or deny the appeal. Relevant factors may include, but are not limited to the following:

- The reason(s) for the accrued or anticipated absences;
- The extent to which the reasons for each absence were documented at the time the absence occurred and/or at the time of appeal;
- The distribution of absences during the semester, i.e., whether scattered throughout the semester or occurring as consecutive absences;
- The duration of each period of absence;
- The pattern of attendance prior to the accrual of absences in question;
- Whether all class work has been satisfactorily completed; and the extent to which class essential learning outcomes have been mastered for that course.

The appeal committee will take into consideration valid absences. It is the parent or guardian's responsibility to provide appropriate written documentation for the appeals committee to consider absences. Written documentation must be from a licensed provider of services, parent letters are not appropriate documentation.

The appeal may be submitted on the district's Attendance Appeal Form provided to the parent or guardian, or in other written or typed form that provides the following information:

- Date of appeal.
- A complete explanation of the reason(s) why the appeal should be granted.
- Any and all appropriate documentation.
- Signature of the parent or guardian.

Within one (1) week of the Appeal Committee's final decision, the student, parent or guardian will be notified. If the parent or guardian does not agree with the final decision of the Appeal Committee, he or she may appeal the matter to the superintendent or designee for further review and consideration.

1. Norwood School District Policy has maintained a "closed campus." Students should leave campus only in case of an emergency, and must be verified by guardian or designee with approval of office before "signing out." Students are not to be verified to leave school grounds during lunch periods then return to school. A student out of class without permission from the teacher or administration will be considered truant.

PLAGIARISM

Plagiarism can be defined as using another person's writings, ideas, or images as if they were your own.

The different types of plagiarism

- Paraphrasing: rewording someone else's words or ideas.
- Summarizing: condensing someone else's words or ideas.
- Copying another's work: using someone else's words, ideas, or images.
- Direct copying/ quotations: using someone else's words, ideas, or images without giving credit to the source.
- Self-plagiarizing: Submitting a paper or other project that has already been submitted in another class / subject

Avoiding plagiarism

Avoiding plagiarism is easy: simply give credit to the author of the information and/or ideas by documenting or citing the source.

- Paraphrasing/summarizing: you keep the author's meaning, but put it into your own words. This means that you know the subject well enough without needing to look back at the author's words.
- Copying another's work: your writing must be original and yours, not your classmates' ---this includes no copying and pasting work off the Internet or from databases, purchasing papers, pictures or images, books, or magazines published or unpublished from the internet.
- Self-plagiarism: You must seek permission from both teachers involved in order to use the same work in two different classes/subjects.
- Direct copying/ quotations: If you copy words, ideas, or images out of books, magazines, or other available sources or copy images, you must give credit to the source/author.

TARDIES

Students will be marked tardy if they are not in their classroom or seat by the time the tardy bell rings. Students will be disciplined based on their overall tardy limit, not per class. Students will be disciplined starting with their 5th overall tardy per quarter. See the Discipline Table for more information.

Some suggestions to prevent tardiness include:

1. Use lockers only once for morning classes and once for afternoon classes.
2. Restrooms should be used before, after, and during lunch periods.
3. Students in Music, FACS, PE, and Industrial Arts classes should carry books for their next class.
4. Do not stand and visit with friends in the corridor between classes.

NATIONAL HONOR SOCIETY

The National Honor Society has worked to bring the achievements of outstanding students in grades 7-12 to the attention of their classmates, their parents, their communities, and the colleges they plan to attend.

The National Honor Society High School Constitution provides eligibility for sophomores, juniors, and seniors. The National Honor Society Middle School Constitution provides eligibility for seventh and eighth graders. Active members must maintain the standards by which they were selected and meet other obligations as determined by the chapter. Members become graduate members upon graduation.

Guidelines for selection: The constitution provides clear guidelines for selecting members. Selection is based on four criteria: scholarship, leadership, service, and character. To fulfill the scholarship requirement, students must have a cumulative scholastic average of 83%, or the equivalent standard of excellence. Qualified students are selected for NHS membership by a majority vote of a council consisting of four faculty members.

EXTRACURRICULAR ACTIVITY STANDARDS

In order to meet guidelines to attend extracurricular activities, all students must meet the MSHSAA Guidelines. Participation in extracurricular activities is a privilege, not a right! Creditable citizenship shall be one of the criteria for participation on Norwood School Extracurricular Activities. Creditable citizenship includes both school and community citizenship which promotes the best interest of the school. Therefore, students shall exhibit standards of behavior that will bring credit to the student, the activities, the school, and the community.

Behavior not in compliance with the athletic standards may result in suspension or expulsion from extracurricular activity or all extracurricular activities.

1. Codes of conduct-Students represent the school and team on and off the playing field. Each head coach will address violations of conduct.
2. Tobacco-Tobacco use is illegal and strictly forbidden. Students are to refrain from the use of tobacco.
3. Alcohol/Drugs-Alcohol and drugs are illegal and strictly forbidden. Students are to refrain from the use of drugs/alcohol, or attend gathering where drugs or alcohol are being used/consumed.
4. If a student/athlete received a ticket or is arrested or charged for an illegal act they must report it to the principal or face removal from the extracurricular activity.
5. After the report is filed the MSHSAA policies will be followed.
6. Final decisions after the policies have been enforced will be left up to the discretion of the coach.

PENALTIES:

- a. Being in attendance at gatherings where illegal drugs are being used (up to coach's discretion).
- b. Use of alcohol, tobacco, and/or drugs:
1st offense=minimum of 3 game suspension from competition.
2nd offense=expulsion from the team.

Each coach reserves the right to add more punishment to the minimum requirements. If the illegal acts were severe enough, the student could be removed from extracurricular activities at Norwood School.

ELIGIBILITY STANDARDS FOR PARTICIPATION IN INTERSCHOLASTIC AND EXTRACURRICULAR ACTIVITIES

Norwood School will abide by the MSHSAA eligibility rules as posted on the bulletin boards in each high school building. Students, who are suspended out-of-school, will not be allowed to participate in extracurricular activities during their suspension. **Students who are absent on the day of a scheduled activity will not be able to participate without prior principal permission.** If the student has a doctor's appointment or funeral to attend, the building principal must be notified in advance to be excused. This includes late arrivals and practice for MSHSAA events. Students must be in attendance 6 out of 7 class periods. **IN ORDER TO PARTICIPATE ON SATURDAYS, STUDENTS MUST BE IN SCHOOL ON FRIDAYS.**

STUDENT CHECKOUT PROCEDURE AT EXTRACURRICULAR EVENTS

Students attending extracurricular events/activities located off of school premises must ride the bus or school vehicle back to school unless they are signed out by a parent, legal guardian, or grandparent. Under special circumstances, the parent or legal guardian may request that someone other than a parent, legal guardian, or grandparent sign their child out at the activity and ride home with them. This may only be done if the parent or legal guardian personally appears and talks to the Principal in person at the school and signs a release form. This form will then be passed on to the coach or sponsor in charge of the students.

ACADEMIC STANDARDS FOR EXTRACURRICULAR ACTIVITIES

In order to participate in school activities, students must have and maintain a "C" (1.65) average the preceding quarter. A student may apply for re-establishment of eligibility with progress reports, effective at 3:01 p.m. on the date progress reports are issued. (Academic standards include all activities except those that are an extension of the classroom (field trips, etc.) This includes dances and prom. Students may practice with organizations during the period of ineligibility. Students will not be permitted to ride the trip bus during the ineligibility period. Ineligibility list will be posted at the office.

INSURANCE FOR EXTRACURRICULAR ACTIVITIES AND ATHLETES

Effective July 1, 1976, State Athletic by-law 13 requires that a student be covered with accident insurance before being allowed to practice or compete for a school. This can either be family coverage or accident insurance through the school. All competing students must have a physical exam and proof of insurance prior to practicing. This includes cheerleaders as well as athletes.

CITIZENSHIP CONCERNING STUDENT ACTIVITIES AND ATHLETICS

Included in good citizenship is regular and **punctual attendance**, which promotes the best interest of the school. Repeated referrals of a student to office for misconduct will be considered sufficient reason to declare a student to be ineligible to participate in school extracurricular activities.

EXPECTATIONS OF FANS

Actions of fans can and do determine to a large extent whether a school will remain a member of the MSHSAA. Therefore, it is urged that all Norwood students and fans will consider this and exhibit an image that reflects our educational goals and objectives in relationship to student development. Cheerleaders have long been considered positive representatives to promote appropriate behavior for good citizenship at athletic events. Norwood students and spectators are urged to follow our cheerleaders' guidance. Misconduct can result in removal from an event and/or suspension from all extracurricular activities. Some suggestions for conduct at extracurricular activities include:

1. Respect opponents and officials and treat them as guests.
2. Remember school athletics is a learning experience for students; realize numerous mistakes will be made.
3. Learn the rules of the game so you understand why certain situations occur.
4. Recognize and show appreciation for a superior play by either teams.
5. Demonstrate positive enthusiasm, appropriate applause and wholesome fun; never jeer, or intimidate, or distract from the game.
6. Remember, a ticket is a privilege to observe an amateur contest, not a license to be rude or discourteous.

TRANSPORTATION

In order to maintain good discipline and safety on our buses, the students will follow the directions of the bus driver. All school policies apply to the bus ride to and from the school.

GUIDELINES FOR DISCIPLINE POLICY

Attitudes and character traits shown by students are important in their development as citizens. We endeavor to develop school citizens who will respect and abide by rules of good conduct, and we earnestly solicit the cooperation of every student and parent in this respect.

One of the most important aspects of education is to teach discipline. It is the training that develops self-control, character, orderly behavior, and efficiency in the following of directions. It is the key to appropriate conduct and consideration of others. Students are expected to assume responsibility for their conduct and to assist in maintaining a school atmosphere conducive to the learning process.

INTERROGATIONS, INTERVIEWS, AND SEARCHES

Reasonable suspicion must be based on facts known to the administration, credible information or reasonable inference drawn from such facts or information. Searches of student property shall be limited in scope based on the original justification of the search. The privacy and dignity of students shall be respected. Searches shall be carried out in the presence of adult witnesses and not in front of other students, unless exigent circumstances exist. During an examination, and if reasonable under the circumstances, school employees may require students to empty pockets or remove jackets, coats, shoes and other articles of exterior clothing that when removed do not expose underwear.

Law enforcement officials may be contacted for assistance in performing a search in any case in which a student refuses to allow a search or in which the search cannot safely be conducted.

BEHAVIOR EXPECTATIONS

Proper classroom behavior is expected of all students. Inappropriate behavior not only interferes with the learning process of the student involved but also violates the rights of other students to a proper learning environment. **A STUDENT WHO'S BEHAVIOR CAUSES THEM TO BE SENT FROM CLASS ARE TO REPORT TO THE PRINCIPAL.** The discipline code set out in this handbook is intended to be illustrative but not an exclusive listing of acts of misconduct and the consequences for each. Misconduct which is not specifically listed in this regulation may be deemed to warrant discipline up to and including expulsion following provision of all due process procedures. In addition, the disciplinary consequence listed for each offense may be increased or decreased by the Administration or the Board of Education due to mitigating or aggravating circumstances.

OFFICE REFERRALS AND SUSPENSION

Eight total discipline referrals will result in a three-day school suspension in addition to regular consequences. Ten total discipline referrals will result in a five-day school suspension in addition to regular consequences. Twelve total discipline referrals will result in a ten-day school suspension in addition to regular consequences. Parents/Guardians of any student who has been suspended due to more than twelve disciplinary referrals will need to come to the next board meeting to discuss long term suspension possibilities. Any student, who has been suspended from school on three previous occasions, shall have his/her record reviewed by the principal for recommendation to the Board of Education for a long-term suspension from school or alternative educational setting upon the students 4th suspension.

PARENT PORTAL

The Parent Portal is available through our student database system LUMEN. Parent Portal will give parents 24/7 real-time access to their students information. This information includes assignments, grades, attendance, contact information, etc. Norwood

school encourages all parents to obtain the login information and passwords and to check student's progress regularly. To obtain your personalized login information please contact the office.

CORPORAL PUNISHMENT

“CORPORAL PUNISHMENT” can be defined as the physical punishment of a child for failure to obey the student code of conduct required by the school board. Physical punishment may include swats with a paddle (these must be witnessed). Corporal punishment should always be administered in a manner that is fair, non-abusive, and that will not cause permanent physical damage. Occasional bruises occur and are not indicative of abuse or that unnecessary force was used by the teacher or administrators as bruising potential varies from person to person.

1. It should be used when there is reason to believe that it will be helpful in maintaining discipline and in the development of the student's character and power of self-control.
2. Parents must sign a consent form giving permission for corporal punishment in lieu of other discipline.
3. Corporal punishment may be administered by the principal or superintendent. If the teacher administers the punishment, the principal or superintendent shall be the witness.
4. If there is medical reason a student cannot receive corporal punishment, parent shall supply principal's and superintendent's offices with this in writing. In school or out-of-school suspension may be the alternative.
5. Parents will be notified before corporal punishment is given. Parents who do not want their child paddled may state so on the Corporal Punishment form sent home with all students at the beginning of the school year. In school or out-of-school suspension is the alternative.

OUT OF SCHOOL SUSPENSION (OSS)

Suspension is the most serious disciplinary action that can be taken by the principal. Students are not dropped from the roll. Parents have complete custody and jurisdiction of their student during suspension. Students whose presence poses a continued danger to persons, property, or an ongoing disruption of the academic process may be immediately removed from the Norwood School Campus. During suspension the student is not to be on school property or at school functions. Suspensions interrupted due to inclement weather will be extended to include the next school days(s). Students are required to make up work during suspension.

IN SCHOOL SUSPENSION (ISS)

Students may be assigned to In-school suspension for Disciplinary action. Students will be expected to work independently without disruption. Failure to complete ISS may result in repeating the ISS assignment or receiving out of school suspension (OSS).

DRUGS AND ALCOHOLIC BEVERAGES

It is illegal to come on the campus or be at any school sponsored activity at any time while under the influence or in the possession of drugs or alcohol. Students shall not knowingly buy, sell, possess, use, transmit, or be under the influence of any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, alcoholic beverage, mood altering chemical, or intoxicant of any kind while on school property or school-sponsored trip. Use of a drug authorized by medical prescription from a registered physician shall not be considered a violation of this rule. The consumption, possession, being under the influence, or use of any controlled substance by a student on school premises, buses or school activities under supervision of school personnel will result in immediate out of school suspension. **In case of violation of the above, the administration will contact the appropriate law enforcement agency.**

HARRASSMENT AND BULLYING

It is the policy of the District to maintain a learning environment that is free from harassment and bullying.

TOBACCO AND TOBACCO PRODUCTS

Smoking or use of tobacco in any form is prohibited on school premises, buses, or school activities, which are under the supervision of any school personnel (this includes all types of electronic cigarettes). Students are not to be in possession of tobacco, matches, or lighters at school

ARTICLES FROM HOME

Students should not bring articles from home unless for a specific educational purpose and with advanced permission from the teacher. Toys, sports equipment, game cards, video games, and pets are examples of the items that should not be brought to school. If items of this nature are brought to school without prior permission they will be confiscated. Any items brought to school are done so at the owner's liability, the school district is not responsible for lost or stolen items.

FIREWORKS, WEAPONS, DANGEROUS INSTRUMENTS

Students are not to be in possession or transport any object that can be considered dangerous to persons or school property. Knives, explosives, guns, chains, mace, pepper spray, and martial arts objects are examples that pose a threat to the safety of others.

FIGHTING, VANDALISM, AND OTHER SERIOUS DISRUPTIONS

These acts will be treated accordingly with all available resources brought to bear. Federal and State Laws, Board of Education Policy, Administrative Regulations and Faculty rules will be in effect during the school day, on school buses, at any school activity, or any time students are under the supervision of school personnel. Civil law authorities, Juvenile Office and Family Services Assistance will be requested when appropriate.

GENERAL PROMOTION AND RETENTION REQUIREMENTS

1. Students will be promoted to the next grade level if they are meeting grade level expectations as identified by local and State Department of Education core subject objectives.
2. “Double promotions”, that is, acceleration beyond the normal grade placement, may be approved for students who are working at an academic level of more than a year above placement and are sufficiently mature, socially and emotionally, to work with students of the advanced grade. Parents/guardians, teachers and administrators must agree that it is in the best interest of the student under consideration.
3. A list of those students who are not meeting grade level objectives in reading, language arts or mathematics will be given to the building principal by the October, January or March reporting periods. With respect to any student who is reported as not meeting grade level objectives in reading, language arts or mathematics:
 - a. The teacher, principal and counselor will meet to review the student’s academic record, current test scores and work samples.
 - b. The parent/guardian will be notified as soon after the review as possible that retention is being considered. A meeting with the parent/guardian will be scheduled. The parent/guardian will be informed that the student is not meeting grade level objectives and will be retained in the same grade unless there is strong and positive improvement in the student’s work.
 - c. A follow-up conference for the parent/guardian will be scheduled with the principal or the principal’s designee to review the student’s progress.
 - d. An academic program including remediation will be offered the student.
4. In recommending promotion or retention, these factors will be considered:
 - a. Academic achievement in all subject areas, especially attainment of grade level objectives, as determined by tests, teacher assignments, and work samples.
 - b. Chronological age.
 - c. Study Habits.
 - d. Attendance.
 - e. Social and emotional maturity.
 - f. State-mandated retention requirements for primary/middle school students.

5. The decision for retention will be made by the principal and the classroom teacher in accordance with the above-referenced factors, and written notification of retention will be sent to the parent/guardian.

3. Access to many University Library catalogs, the library of Congress, CARL and ERIC.

With access to computers and people all over the world also comes the availability of material that may not be considered to be of educational value in the context of the school setting. Norwood Schools have taken precautions to restrict access to controversial materials and an industrious user may discover controversial information. We at Norwood Schools firmly believe that valuable information and interaction available on the worldwide network far outweighs the possibility that users may procure material that is not consistent with the educational goals of this project.

Internet access is coordinated through a complex association of government agencies and regional and state networks. In addition, the smooth operation of the network relies upon the proper conduct of the end users who must adhere to strict guidelines. These guidelines are provided here so that you are aware of the responsibilities you are about to acquire. In general this requires efficient, ethical, and legal utilization of the network resources. If a Norwood School user violates any of these provisions, his or her access will be terminated and future access could possibly be denied. The signature(s) at the end of this document is (are) legally binding and indicates the party (parties) who signed this has (have) read the terms and conditions carefully and understand(s) their significance.

Network and Internet Terms and Conditions

1. Acceptable use – The purpose of the Internet is to support research and education in and among academic institutions in the U.S. by providing access to unique resources and the opportunity for collaborative work. The use of your access must be in support of education and research and consistent with the educational objectives of the Norwood R-1 School District. Use of other organization's networks or computing resources must comply with the rules appropriate for that network. Transmission of any material in violation of any U.S. or state regulation is prohibited. This includes, but is not limited to: copyrighted material, threatening or obscene material, or material protected by trade secret. Use for commercial activities is generally not acceptable. Use for product advertisement or political lobbying is also prohibited.
2. Privileges- The use of the Internet is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. The system administrators may deny access at any time as required. The administration, faculty, and staff of Norwood R-1 Schools may request the system administrator to deny, revoke, or suspend specific user access.
3. Netiquette- You are expected to abide by the generally accepted rules of network etiquette. These include (but are not limited to) the following:
 - A. Be polite. Do not get abusive in your messages to others.
 - B. Use appropriate language. Do not swear, use vulgarities or any other inappropriate language. Illegal activities are strictly forbidden.

- C. Do not reveal any personal address or phone number (yours or any other).

4. Norwood R-1 School makes no warranties of any kind, whether expressed or implied, for the service it is providing. Norwood R-1 Schools will not be responsible for any damages you suffer. This includes loss of data from delays, non deliveries, or system maintenance service interruptions caused by its own negligence or your errors or omissions. Use of any information obtained via Norwood R-1 Schools is at your own risk. Norwood R-1 Schools specifically deny any responsibility for the accuracy or quality of information obtained through its services.
 5. Security- Security on any computer system is a high priority, especially when the system involves many users. If you feel you can identify a security problem on the Internet, you must notify a system administrator. Do not demonstrate the problem to other users. Attempts to login to the Norwood R-1 network or Internet as any other user will result in cancellation of user privileges. Using another person's ID and password or giving another person your ID and password could also result in losing user privileges. Any user identified as a security risk or having a history of problems with other computer systems may be denied access to the Norwood network and/or Internet. Teachers or staff will monitor all computer use.
 6. Vandalism- Vandalism will result in cancellation of privileges. Vandalism is defined as any malicious attempt to harm or destroy data or equipment, the Internet, or any of the above listed agencies or other networks that are connected to the Internet backbone. This includes, but is not limited to, the uploading or creation of computer viruses.
 7. Updating your user information- Norwood R-1 may occasionally require new registration and access information from you to continue the service. You must notify the network administrator of any changes in your access information (name, address, etc.)
 8. Filter/CIPA: The Norwood computer network has in place filters in compliance with the Children's Internet Protection Act (CIPA). Norwood School has filtered Search Engines which restrict access to sites that could be deemed objectionable, but may also limit access to sites that have legitimate research value. No filtering system is completely effective or efficient. (Our filtering system now blocks over 1 million sites). If a teacher or student finds sites that should be blocked, they should contact the system administrator, which could add the sites to the blocked list. Attempting to bypass the filter system could result in loss of computer privileges.
 9. Acceptance of Terms and Conditions- All terms and conditions as stated in this document are applicable to the Norwood R-1 School District. These terms and conditions reflect the entire agreement of the parties and supersede all prior oral or written agreements and understandings of the parties. These terms and conditions shall be governed and interpreted in accordance with the laws of the State of Missouri and the United States of America.

FAMILY EDUCATION RIGHTS AND PRIVACY ACT – Policy 2400

Each year the Norwood School District is required to give notice of the various rights accorded to parents or students pursuant to the Family Educational Rights and Privacy Act (FERPA). Parents and students have a right to be notified and informed. In accordance with FERPA, you are notified of the following:

RIGHT TO INSPECT: You have the right to review and inspect substantially all of your education records maintained by or at this institution.

RIGHT TO PREVENT DISCLOSURES: You have the right to prevent disclosure of education records to third parties with certain limited exceptions. It is the intent of this institution to limit the disclosure of information contained in your education records to those instances when prior written consent has been given to the disclosure, as an item of directory information of which you have not refused to permit disclosure, or under the provisions of FERPA which allow disclosure without prior written consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate education interests. A school official is a person employed by the school district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school district has contracted to perform a special task (such as an attorney, auditor, consultant, or therapist); or a parent, student or volunteer serving on an official committee, such as a disciplinary or grievance committee. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

RIGHT TO REQUEST AMENDMENT: You have the right to seek to have corrected any parts of an education record which you believe to be inaccurate, misleading or otherwise in violation of your rights. This right includes the right to a hearing to present evidence that the record should be changed if this institution decides not to alter the education records according to your request.

RIGHT TO COMPLAIN TO FERPA OFFICE: You have the right to file a complaint with the Family Policy Compliance Office, U.S. Department of Education, Washington, D.C., 20202-4605, concerning the Norwood School District's failure to comply with FERPA.

RIGHT TO OBTAIN POLICY: You have the right to obtain a copy of the written policy adopted by the Board of Education of the Norwood School District in compliance with FERPA. A copy may be obtained in person or by mail from: Mr. Shannon Crain, Superintendent.

NOTICE OF DESIGNATION OF DIRECTORY INFORMATION

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Norwood R-I School District, with certain exceptions, obtains your written consent prior to the disclosure of personally identifiable information from your child's education records. However, Norwood R-I School District may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Norwood R-I School District to include this type of information from your child's educational records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 to provide military recruiters, upon request, with three directory information categories - names, addresses and telephone listings - unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

If you do not want Norwood R-I School District to disclose directory information from your child's educational records without your prior written consent, you must notify the District in writing by September 1, 2015. Norwood R-I School District has designated the following information as directory information:

- Student's name Grade Level
- Address Participation in officially recognized activities
- Telephone listing and sports Photograph
- Weight and height of Date and place of birth

Earthquake Safety For Missouri's Schools

The New Madrid Seismic Zone Extends 120 Miles Southward from the area of Charleston, Missouri, and Cairo, Illinois, through New Madrid and Caruthersville, following Interstate 55 to Blytheville and on down to Marked Tree, Arkansas. The NMSZ consists of a series of large, ancient faults that are buried beneath thick, soft sediments. These faults cross five state lines and cross the Mississippi River in three places and the Ohio River in two places.

The New Madrid Seismic Zone and surrounding region is Active, Averaging More than 200 Measured Events per Year (Magnitude 1.0 or greater), about 20 per month. Tremors large enough to be felt (Magnitude 2.5 – 3.0) are noted every year. The fault releases a shock of 4.0 or more, capable of local minor damage, about every 18 months. Magnitudes of 5.0 or greater occur about once per decade. They can cause significant damage and be felt in several states.

The Highest Earthquake Risk in the United States outside the West Coast is in the New Madrid Seismic Zone. Damaging temblors are not as frequent as in California, but when they do occur, the destruction covers over more than 20 times the area due to the nature of geologic materials in the region. The 1968 5.5 magnitude Dale, Illinois earthquake toppled chimneys and caused damage to unreinforced masonry in the St. Louis area, more than 100 miles from the epicenter. A 5.2 magnitude earthquake in April 2008 in southeast Illinois, did not cause damage in Missouri, but was felt across much of the state.

A Damaging Earthquake in this Area, which experts say is about a 6.0 magnitude event, occurs about once every 80 years (the last one in 1895 was centered near Charleston, Missouri). There is estimated to be a 25-40% chance for a magnitude 6.0 – 7.5 or greater earthquake along the New Madrid Seismic Zone in a 50-year period according to the U.S. Geological Survey reports. The results would be serious damage to un-reinforced masonry buildings and other structures from Memphis to St. Louis. We are certainly overdue for this type of earthquake!

A Major Earthquake in this Area - the Great New Madrid Earthquake of 1811-12 was actually a series of over 2000 shocks in five months, with several quakes believed to be a 7.0 Magnitude or higher. Eighteen of these rang church bells on the Eastern seaboard. The very land itself was destroyed in the Missouri Bootheel, making it unfit even for farming for many years. It was the largest release of seismic energy east of the Rocky Mountains in the history of the U.S. and was several times larger than the San Francisco quake of 1906.

When Will Another Great Earthquake the Size of Those in 1811-12 Happen? Several lines of research suggest that the catastrophic upheavals like those in 1811-12 visit the New Madrid region every 500-600 years. Hence, emergency planners, engineers, and seismologists do not expect a repeat of the intensity of the 1811-12 series for at least 100 years or more. However, even though the chance is remote, experts estimate the chances for a repeat earthquake of similar magnitude to the 1811-1812 New Madrid earthquakes over a 50-year period to be a 7 - 10% probability.

What Can We Do to Protect Ourselves? Education, planning, proper building construction, and preparedness are proven means to minimize earthquake losses, deaths, and injuries.

Prepare a Home Earthquake Plan

Choose a safe place in every room--under a sturdy table or desk or against an inside wall where nothing can fall on you.

Practice DROP, COVER AND HOLD ON at least twice a year. Drop under a sturdy desk or table, hold onto the desk or table with one hand, and protect the back of the head with the other hand. If there's no table or desk nearby, kneel on the floor against an interior wall away from windows, bookcases, or tall furniture that could fall on you and protect the back of your head with one hand and your face with the other arm.

- 1 Choose an out-of-town family contact.
- 2 Take a first aid class from your local Red Cross chapter. Keep your training current.
- 3 Get training in how to use a fire extinguisher from your local fire department.
- 4 Inform babysitters and caregivers of your plan.

Eliminate Hazards

- 1 Consult a professional to find out additional ways you can protect your home, such as bolting the house to its foundation and other structural mitigation techniques.
- 2 Bolt bookcases, china cabinets and other tall furniture to wall studs.
- 3 Install strong latches on cupboards.
- 4 Strap the water heater to wall studs.

Prepare a Disaster Supplies Kit for Home and Car

- 1 First aid kit and essential medications.
- 2 Canned food and can opener.
- 3 At least three gallons of water per person.
- 4 Protective clothing, rainwear, and bedding or sleeping bags.
- 5 Battery-powered radio, flashlight, and extra batteries.
- 6 Special items for infant, elderly, or disabled family members.
- 7 Written instructions for how to turn off gas, electricity, and water if authorities advise you to do so. (Remember, you'll need a professional to turn natural gas service back on.)
- 8 Keeping essentials, such as a flashlight and sturdy shoes, by your bedside.

Know What to Do When the Shaking BEGINS

- 1 DROP, COVER AND HOLD ON! Move only a few steps to a nearby safe place. Stay indoors until the shaking stops and you're sure it's safe to exit. Stay away from windows.
- 2 In a high-rise building, expect the fire alarms and sprinklers to go off during a quake.
- 3 If you are in bed, hold on and stay there, protecting your head with a pillow.
- 4 If you are outdoors, find a clear spot away from buildings, trees, and power lines. Drop to the ground.
- 5 If you are in a car, slow down and drive to a clear place (as described above). Stay in the car until the shaking stops.

Know What to Do AFTER the Shaking Stops

- 1 Check yourself for injuries. Protect yourself from further danger by putting on long pants, a long-sleeved shirt, sturdy shoes, and work gloves.
- 2 Check others for injuries. Give first aid for serious injuries.
- 3 Look for and extinguish small fires. Eliminate fire hazards. Turn off the gas if you smell gas or think it's leaking. (Remember, only a professional should turn it back on.)
- 4 Listen to the radio for instructions
- 5 Expect aftershocks. Each time you feel one, DROP, COVER, AND HOLD ON!
- 6 Inspect your home for damage. Get everyone out if your home is unsafe.
- 7 Use the telephone only to report life-threatening emergencies.

NORWOOD DRUG TESTING POLICY

Student Drug Testing

The School Board recognizes the importance of protecting the health and safety of students from the use of illegal drugs and alcohol. The purpose of this policy is to help prevent substance abuse among students, to encourage treatment for students with substance abuse problems, and to ensure that students have the opportunity to attend school and participate in activities in a safe and healthy environment. The sanctions of this policy relate solely to limiting the opportunity of any student in violation of this policy to participate in extra-curricular and/or co-curricular activities and from driving to school due to safety concerns.

The superintendent or designee is directed to adopt procedures to carry out the intent of this policy and may contact the district's attorney for assistance in applying this policy. The district will use a laboratory certified by the U.S. Department of Health and Human Services.

Random Drug Testing

Participation in extra-curricular and or co-curricular activities is a privilege and carries with it the responsibility to adhere to high standards of conduct, including refraining from the use of illegal drugs and alcohol. To assist students in making healthy and safe choices, the district will conduct random drug testing of students in grades 9-12 as a condition of participation in covered activities. Covered activities are activities regulated by the Missouri State High School Activities Association (MSHSAA), all co-curricular activities and extra-curricular activities including, but not limited to, all school sponsored clubs. This policy will also cover any new clubs or organizations that may arise. Students who drive to school will also be required to participate in the random drug testing process in order to drive onto school grounds. Student dances are considered an extra-curricular and/or co-curricular activity. District employees shall not have the authority to waive the testing of any student selected using the random selection process.

Any student(s) who show a non-negative as a result of the random testing program will be excluded from participation in covered extra-curricular and/or co-curricular activities as well as driving privileges on school grounds as follows:

First Offense – Exclusion from all covered activities including driving to school for 30 days and must pass a second drug test to participate in covered activities and/ or drive to school. It will be the responsibility of the student to pass a second drug test before being allowed to participate in covered activities or to drive on school premises. It will also be the responsibility of the student/guardian to pay at their own expense for the drug test at one of the offices of the drug testing company. No student will be allowed to participate in covered activities or drive to school without first passing a second drug test.

Second Offense – Exclusion from all covered activities for the remainder of the school year and must pass a drug test to participate in covered activities and/or to drive to school again. A non-

negative test through this random drug testing program will not result in suspension from school or academic sanctions. The district will not report results to law enforcement.

Refusal to Submit or Falsifying Results

A student refuses to submit for drug testing when he/she fails to provide adequate urine for testing when notified of the need to do so or engages in conduct that clearly obstructs the testing process. A participating student who refuses to submit to drug testing or who takes deliberate action to falsify results will be suspended from all covered activities/driving for (1) calendar year and will forfeit eligibility for all awards and honors given for covered activities from which the student was suspended.
